About us

proMX GmbH is a consulting company based in Nuremberg, Germany. We support companies in the manufacturing and service industries in digital transformation. Our focus is on Microsoft Dynamics 365, project and resource management and software development. We are one of the leading international Microsoft Dynamics 365 partners and have received several awards for our services and solutions.

We are looking for a

.Net Developer

About the position

Your daily business includes the conception and implementation of Microsoft Dynamics 365 extensions. You develop web applications, Windows programs and service-oriented applications. You write concepts, document and communicate the results with your project manager or customer directly and in our development team. You will work with the latest Microsoft development technologies such as Team Foundation Server, Visual Studio, SQL Server and IIS.

Our offer

- an open and cooperative corporate culture with friendly colleagues and a trusting working atmosphere
- flexible working hours and homeoffice
- training opportunities
- employee events
- company pension scheme
- long-term employment
- fresh fruit and Food Truck Friday

Your profile
Your qualifications:

- successfully completed studies in (business) computer science, (business) engineering, or a comparable course of studies or comparable professional experience
- practical work experience as software developer in Dynamics CRM or Dynamics 365 environment beneficial
- experience in Microsoft Azure beneficial
- experience in the implementation and programming of business processes
- good command of English
- professional appearance with an emphasis on customer orientation
- entrepreneurial thinking and acting
- careful working
- ability to work in a team
